Purpose of this website

This website is a privately operated academic and educational website. It presents my academic activities and provides freely accessible teaching materials, source code and software frameworks for educational and research purposes.

No commercial products or services are offered, and no payments are accepted through this website.

Open-source software

Software and source code published on this website are provided under the respective licence terms. Unless stated otherwise, the frameworks are distributed under the MIT License.

The applicable licence terms must be observed when using, modifying or redistributing the software.

Liability for content

The contents of this website have been prepared with reasonable care. However, I cannot guarantee that all information, source code or software examples are complete, accurate or up to date.

Use of the provided code and software is at your own risk.

Liability for external links

This website may contain links to external websites operated by third parties. I have no control over their content and therefore cannot accept responsibility for such external content.

At the time of linking, no unlawful content was apparent.

Copyright

Unless otherwise indicated, the content of this website is subject to applicable copyright law. Reproduction, modification or distribution beyond the limits permitted by law requires the consent of the respective rights holder.
